“Creating Opportunities for Youth Development”

Volunteering and Community

The Wayz volunteer programme supports young people and adults to take up a voluntary role and develop through training and experience. Our volunteered programme has supported hundreds of young people and accrued 1000's of hours each year. Volunteering can be for anyone, and everyone can fit within our six levels of voluntary opportunities. In 2008 we were recognised and awarded The Queens Award for Voluntary Service.

Development Through Volunteering

Training Opportunities

- Basic Volunteer
- Safeguarding
- First aid
- Food hygiene
- Health and safety
- Leadership Level 1 & 2

What is Volunteering?

The commitment of time and energy for the benefit of society and the community, the environment or individuals outside one's immediate family. It is undertaken freely and by choice without concern for financial gain.

Why Volunteer?

- For a personal challenge
- For self development
- Support Healthy Lifestyle
- Meet new people/friends
- Build into an attractive CV
- To be part of a team
- To gain transferable skills
- To gain experience
- To help others
- HAVE FUN

Testimonials

“Creating Opportunities for Youth Development”

The aim is to engage with and support young people, checking in and providing a safe space. We feel it is important to meet them within their own environment and share support and opportunities.

The purpose is to use the Youth Bus to work within the community and reach out to young people in the space they meet and those that have been identified by partners in the local area. Our Mobile Hub offers consoles, music, refreshments, seating and resources to run activities in the community, regardless of the environment.

The Wayz liaises with Young people, neighbourhood police teams, councillors, schools, businesses and residents to support local challenges, in order to understand and act upon the needs of the young people within that community.

“Creating Opportunities for Youth Development”

Youth Mentoring and Coaching

We offer 1:1 support to young people to support their personal, social and educational development.

Supporting positive activity
Community engagement
Engagement with school
Mental Health
Positive Relationships
Inform positive decision making
Understanding behaviour and consequences
Confidence
Isolation
Understanding self
Independence & Transitional Life Skills
Impact of COVID Pandemic

The work is on an individual basis and youth led, working towards an agreed focus and action plans created with the young people, with an influence from details within the referral process and reviews.

1:1 can occur during school and the duration is based on reviews as we don't put a fixed time limit on it.

Testimonials

“Creating Opportunities for Youth Development”

The Wayz Volunteer Programme has been awarded **The Queen’s Award for Voluntary Service.**

“I come to The Wayz to see my friends, speak to the staff and get out the house. It’s a good place and everyone is really nice.”

YP statement

“I have my youth worker come in to school and I see them in sessions too. I have started volunteering to work with my confidence which is working and I am able to deal with things better. The support is amazing and it really helps me.

YP statement

Such a great offer, I cant believe he enjoyed it, he has tried so many and hasn’t like it... its amazing! We will be back next week.

Parent Statement

The Wayz have been a fantastic support over the last term for a number of vulnerable young people within year 9. The young people have valued the opportunity to talk about issues impacting them in a safe environment. It has allowed them to have time to process their emotions and deal with frustrations both at home and at school in the current challenging times. They will actively seek out to check he is in school weekly to ensure they have their session which demonstrates the value they place on the support he has offered. This support has been the most effective to date in engaging our students. The programme and the co-ordination of logistics has helped the smooth running of the delivery of this intervention.
